

A stylized illustration of a yellow rabbit with black outlines and a red flower, set against a background of a red field and a patterned sky. The rabbit is depicted in a dynamic, leaping pose, facing left. Its fur is rendered with dense, parallel black lines. A large, vibrant red flower with multiple petals is positioned behind the rabbit's head. The background is divided into three main sections: a top section with a light beige, swirling floral pattern; a middle section with a solid dark red field containing several small, light beige, irregular shapes; and a bottom section with a light beige, swirling floral pattern. The overall style is reminiscent of mid-century modern graphic design.
